Inspiring Words From Mentors

Grooming And Nurturing The Tiny - Tots

At the crucial stage of just 3 years of students, teacher's profession teaches one to develop and enhance the various skills in the tiny ones. A age where the grasping power is tremendous, skills in critical thinking, creativity, communication, imagination, leadership and personal development can be motivated and sensitized. Just as the potter gives shape to the clay, the teacher too gives shape to the skills of the little ones.

The teachers of City International School – Wanowrie, leave no stone unturned towards the betterment of the students through interactive teaching approaches. An array of activities keep the students engaged and enthused.

Here are 5 ways to groom your child for success.

- Teach them to honour elders – Honouring elders in Honouring GOD.
- Teach them how to focus on little things, so that they can be promoted to more.
- Teach them to be teachable - Failure is a part of life and a huge part of success, In fact no success is ever achieved without failure. Our children need to learn this. They need to feel comfortable in life through easy learning and getting right back up at right time. shows an eagerness to learn and an ability to see the teacher in each child. It shows a tremendous respect for all.
- Nurture their natural talent – Think about child's natural talent, inclinations and passions. What opportunities are given to a child to express their natural inclinations.
- Teach them how to SAVE and GIVE – We need to say " we can afford it "But we choose to save our money, instead we should teach our children that we do not lack, we are blessed to be alive and that we can always save and give to others.

It's our moral duty to teach our children to respect and value everything that god has given us.

Fauzia Khan

गुरु – शिष्य अनमोल संबंध

शिक्षा मानव जीवन के लिए बहुत आवश्यक है। आज जो मनुष्य का विकास दिखाई दे रहा है, शिक्षा का परिणाम है और शिक्षा का आधार गुरु है अर्थात् गुरु शिष्य एक ही सिक्के के दो पहलू हैं। मनुष्य को समाज में अपने भाव और विचार प्रकट करने पड़ते हैं, वह समाज में अपने व्यक्तित्व का निर्माण गुरु के रहित कर ही नहीं सकता।

जब मनुष्य का जन्म होता है तो पहली गुरु उसकी माँ होती है जिससे वह संस्कार ग्रहण करता है दूसरे उसके गुरु होते हैं जो उन्हें पुस्तकीय ज्ञान देते हैं।

माता - पिता अपने अबोध बच्चे को जो कोरे कागज के समान होते हैं वे उन्हें विद्यालय में अध्यापक को उनको सौंप देते हैं, गुरु (अध्यापक) उस बालक के मन – मस्तिष्क पर उचित चित्र अंकित करता है और समय – समय पर उसमें रंग भरता रहता है। एक विद्यार्थी के निर्माण में उसके अध्यापक का बहुत बड़ा योगदान होता है। अध्यापक ही बच्चों को जीवन में संघर्ष करते हुए आगे बढ़ने की प्रेरणा देते हैं।

शिष्य पर गुरु का प्रत्यक्ष या परोक्ष प्रभाव पड़ता है।

भारतीय परम्परा में अध्यापक को आचार्य कहा गया अर्थात् जिसका आचरण अनुकरणीय है। गुरु और शिष्य दोनों इस समाज के स्तम्भ हैं जो एक पवित्र समाज का निर्माण करते हैं।

Students Activities

Annual Sports Day

"Talent wins games, but team work and intelligence wins championships". The Annual Sports Day held on 15th December 2017 was a successful event which was the platform to show case the talent and efforts put by the students.

Pre Primary children enjoyed funny races taken on the Sports Day held on 17th January 2018. Here the parents also enjoyed participating in the races organized for them.

CLUB ACTIVITIES

Eco club and Heritage club conducted few activities. Eco clubs students went to plant the saplings and do mulching. Heritage club students cleaned the premises of the monuments by removing plastic bags and bottles and making people aware about the same.

Food Fest

Food Fest (Fire free cooking) was organized by the students and for the students of classes I- XII. The parents of Preprimary and Primary classes enjoyed the delicacies made by the teachers and students. The students enjoyed the fest thoroughly.

Hindi Saptah

Hindi Diwas falls on 14th September and to celebrate the day, the students celebrated "Hindi Saptah" from the 11th to the 16th of September. The children of classes I to V were dressed in traditional costumes of the various states of India. The children celebrated each day. Reciting the poems, sharing the stories and information of the great writers and importance of Hindi in our lives as an Indian.

Science Exhibition

The Annual Science Exhibition was held at our School on 31 January 2018. We organize it every year with a view to encourage and inculcate a scientific temper amongst students.

The students showcased their talents in subjects like Science, Mathematics, Languages and Social Science by making models, Working models and displaying different relevant charts.

School Picnic

The most awaited day of the year is the school picnic for all the students of the school. All the picnics organized by the school for the students gave an experience of being surrounded by greenery and beauty of nature along with the enjoyable rides apt for all the age groups.

- All the children thoroughly enjoyed the picnic
- organized for them at different places.
- Classes I to III – Shantivan Resort
- IV – VI – Prathamesh Farm
- VII – XII – Imagica
- Pre primary –Chokhi Dhani

Puppet Show

Celebration

Different days, festivals and events like 26th January, Christmas, Farewell for class XII and Blessing ceremony for class X were celebrated in the school. The students enjoyed being part of it. In most of the events parents too participated and graced the occasion.

26th January

Christmas

Farewell

Blessing Ceremony

Achivements of Stars

Interschool Competition Tirangaa (Amanora School)

- 1st prize in Mask Making.
- 3rd prize in Quiz competition.
- 3rd Prize in Working model using waste material

Workshops for Students and Teachers

Different workshops and awareness programs were organized for the students of classes VI-X for traffic safety, career guidance and cyber safety. The teachers had also attended the training program on health, safety and emergency response, fire extinguisher use and on the women health care conducted by the different organizations.

प्रकृति

सूरज की लाली छाती है,
चमक चांदनी भी आती है।
नन्हें तारों की टोली भी
हमसे मिलने को आती है।

फल-फूलों की सुन्दरक्यारी,
सागर-नदियाँ लहरें प्यारी।
रंग-बिरंगे तितली न्यारी,
जीवन में उमंग भर जाती।

धरती माँ है अपनी शान
प्रकृति है एक बड़ा वरदान।
भविष्य सुरक्षित रखना है तो,
इसका संरक्षण कर बनो महान।

—अर्चिशा यादव
आठवीं 'बी'

कविता - “मैं”

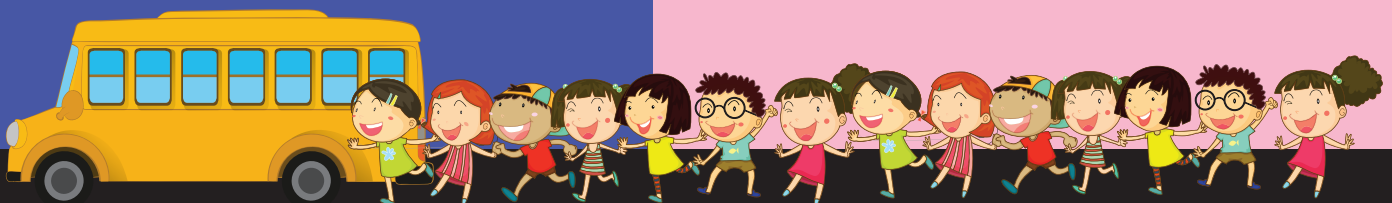

मैं हूँ पृथ्वी का मनुष्य,
मैं बन सकती हूँ पृथ्वी का भविष्य,
मैं पृथ्वी का एक छोटासा जीव हूँ,
अगर चाहो तो पृथ्वी कि उन्नति मे सहायता दू।

मैं हूँ एक भगवान का अंश,
मैं हूँ एक धरती का वंश,
मैं करूंगी धरती पर प्रगति,
मेरे होते हुए मैं नहीं होने दूंगी दुर्गति।

मैं सभी प्राणियों कि करूंगी मदद,
पर्यावरण कि रक्षा करना मेरी है आदत,
गरीबों का करूंगी मैं आदर,
सर्दियों में उन्हें ओढउंगी मैं चादर।
अगर बिना प्रदुषण जिएंगे हम जीवन,
तभी बरसेगा हरियाली का सावन,
कभी ना होने दूंगी पृथ्वी का अंत,
और खिलेगा सबके मन में वसंत।

खूब सोचेंगे इस विषय पर,
और बनाएँगे पृथ्वी को मनोहर,
इस पृथ्वी पर है मनुष्य अनेक,
पर सबका मन है एक।
